JOURNAL OF SPEECH AND HEARING DISORDERS
INDEX TO VOLUME 54, 1989

AUTHOR INDEX 647
SUBJECT INDEX 649
TITLE INDEX 653

AUTHOR INDEX

Abraham, S. Using a phonological framework to describe speech errors of orally trained, hearing-impaired school-agers. Nov. 1989, 600-609.

Anderson, J. L. *See* Shapiro & Anderson, Nov. 1989, 549-557.

Aronson, A. E. *See* Roth et al., Nov. 1989, 634-646.

Aten, J. L. *See* Marshall et al., Aug. 1989, 462-470.

Bambara, L. M. *See* Warren & Bambara, Aug. 1989, 448-461.

Barefoot, S. M. *See* Foster et al., Nov. 1989, 558-569.

Barnes, N. S. *See* Marshall et al., Aug. 1989, 462–470.

Bayles, K. A., Boone, D. R., Tomoeda, C. K., Slauson, T. J., & Kaszniak, A. W. Differentiating Alzheimer's patients from the normal elderly and stroke patients with aphasia. Feb. 1989, 74-87.

Beattie, R. C. Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Feb. 1989, 20-32.

Bedrosian, J. L. *See* Dalton & Bedrosian, Aug. 1989, 403-421.

Bench, R. J. Science and theory in communication disorders: A response to Siegel and Ingham (1987). May 1989, 296-298.

Bentler, R. A. External ear resonance characteristics in children. May 1989, 264-268.

Bester, S. *See* Lomas et al., Feb. 1989, 113-124.

Boone, D. R. *See* Bayles et al., Feb. 1989, 74-87.

Bowler, S. *See* Murdoch et al., Nov. 1989, 610-626.

Brannegan, R. *See* Marshall et al., Aug. 1989, 462–470.

Brookshire, R. H. *See* Marshall et al., Aug. 1989, 462-470.

Bryan, A. A. *See* Wetherby et al., May 1989, 148-158.

Bunce, B. H. Using a barrier game format to improve children's referential communication skills. Feb. 1989, 33-43.

Camarata, S. M. Final consonant repetition: A linguistic perspective. May 1989, 159-162.

Carter, J. *See* Marshall et al., Aug. 1989, 462-470.

Carter, R. *See* Marshall et al., Aug. 1989, 462–470.

Catts, H. W. Speech production deficits in developmental dyslexia. Aug. 1989, 422-428.

Chenery, H. J. *See* Murdoch et al., Nov. 1989, 610-626.

Cobo-Lewis, A. *See* Lynch et al., Feb. 1989, 57-67.

Coelho, C. A. *See* Liles et al., Aug. 1989, 356-366.

Coninx, F. *See* Lancioni et al., Feb. 1989, 88-93.

Connor, N. P. *See* Sedory et al., May 1989, 209-214.

Craig, H. K., & Evans, J. L. Turn exchange characteristics of SLI children's simultaneous and nonsimultaneous speech. Aug. 1989, 334-347.

Crary, M. A., & Rothi, L. J. G. Predicting the Western Aphasia Battery Aphasia Quotient. May 1989, 163-166.

Curtiss, S. *See* Tallal et al., May 1989, 167-173.

Daily, W. W. *See* Hartman et al., Nov. 1989, 526-529.

Dalton, B. M., & Bedrosian, J. L. Communicative performance of adolescents with severe speech impairment: Influence of context. Aug. 1989, 403-421.

Davis, L. J., Jr. *See* Roth et al., Nov. 1989, 634-646.

Demorest, M. E., & Erdman, S. A. Factor structure of the Communication Profile for the Hearing Impaired. Nov. 1989, 541-549.

Demorest, M. E., & Erdman, S. A. Relationships among behavioral, environmental, and affective communication variables: A canonical analysis of the CPHI. May 1989, 180-188.

Doyle, P. C., Grantmyre, A., & Myers, C. Clinical modification of the tracheostoma breathing valve for voice restoration. May 1989, 189-192.

Duffy, R. J. *See* Liles et al., Aug. 1989, 356-366.

Dyson, A. T., & Lombardino, L. J. Phonologic abilities of a preschool child with Prader-Willi syndrome. Feb. 1989, 44-48.

Eilers, R. E. *See* Lynch et al., Feb. 1989, 57-67.

Elbard, H. *See* Lomas et al., Feb. 1989, 113-124.

Ellis Weismer, S., & Murray-Branch, J. Modeling versus modeling plus evoked production training: A comparison of two language intervention methods. May 1989, 269-281.

Erdman, S. A. *See* Demorest & Erdman, May 1989, 180-188.

Erdman, S. A. *See* Demorest & Erdman, Nov. 1989, 541-549.

Evans, J. L. *See* Craig & Evans, Aug. 1989, 334-347.

Ezell, H. K., & Goldstein, H. Effects of imitation on language comprehension and transfer to production in children with mental retardation. Feb. 1989, 49-56.

Feldman, H. M. *See* Keefe et al., Aug. 1989, 395-402.

Finlayson, A. *See* Lomas et al., Feb. 1989, 113-124.

Foster, S., Barefoot, S. M., & Mudgett DeCaro, P. The meaning of communication to a group of deaf college students: A multidimensional perspective. Nov. 1989, 558-569.

Frederickson, R. R. *See* Reich et al., Aug. 1989, 429-438.

Fristoe, M. *See* Windsor & Fristoe, Aug. 1989, 374-382.

Fromm, D., & Holland, A. L. Functional communication in Alzheimer's disease. Nov. 1989, 535-540.

SUBJECT INDEX

HEARING

NATURE OF HEARING AND ITS DISORDERS

Normal Auditory Systems

External ear resonance characteristics in children. Bentler, R. A. May 1989, 264-268.
Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

Auditory and Other Otic Pathologies

Contralateral acoustic-reflex growth function in a patient with a cerebellar tumor: A case study. Harrison, T., Silman, S., & Silverman, C. A. Nov. 1989, 505-509.
Recovery from OME-related phonologic delay following tube placement. Paden, E. P., Matthies, M. L., & Novak, M. A. Feb. 1989, 94-100.

Hearing Loss and Deafness

Cephalometric and cineradiographic study of deviant resonance in hearing-impaired speakers. Subtelny, J., Li, W., Whitehead, R., & Subtelny, J. D. May 1989, 249-263.
A classical conditioning procedure for the hearing assessment of multiply handicapped persons. Lancioni, G. E., Coninx, F., & Smeets, P. M. Feb. 1989, 88-93.
The meaning of communication to a group of deaf college students: A multidimensional perspective. Foster, S., Barefoot, S. M., & Mudgett DeCaro, P. Nov. 1989, 558-569.
Speech spectrum considerations and speech intelligibility predictions in hearing aid evaluations. Pavlovic, C. V. Feb. 1989, 3-8.
Using a phonological framework to describe speech errors of orally trained, hearing-impaired school-agers. Abraham, S. Nov. 1989, 600-609.
Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

ASSESSMENT OF HEARING

Acoustical Instruments, Measurements, and Standards

External ear resonance characteristics in children. Bentler, R. A. May 1989, 264-268.

Diagnostic Audiology–General

Contralateral acoustic-reflex growth function in a patient with a cerebellar tumor: A case study. Harrison, T., Silman, S., & Silverman, C. A. Nov. 1989, 505-509.
Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

Specific Diagnostic Techniques and Approaches

ACOUSTIC IMMITTANCE

Contralateral acoustic-reflex growth function in a patient with a cerebellar tumor: A case study. Harrison, T., Silman, S., & Silverman, C. A. Nov. 1989, 505-509.

BEHAVIORAL

A classical conditioning procedure for the hearing assessment of multiply handicapped persons. Lancioni, G. E., Coninx, F., & Smeets, P. M. Feb. 1989, 88-93.
A comparison of audiometric test methods for 2-year-old children. Thompson, M., Thompson, G., & Vethivelu, S. May 1989, 174-179.

PEDIATRIC

A comparison of audiometric test methods for 2-year-old children. Thompson, M., Thompson, G., & Vethivelu, S. May 1989, 174-179.

SPEECH

Speech spectrum considerations and speech intelligibility predictions in hearing aid evaluations. Pavlovic, C. V. Feb. 1989, 3-8.
Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

INTERVENTION

Habilitation, Rehabilitation, and Education

Factor structure of the Communication Profile for the Hearing Impaired. Demorest, M. E., & Erdman, S. A. Nov. 1989, 541-549.
The meaning of communication to a group of deaf college students: A multidimensional perspective. Foster, S., Barefoot, S. M., & Mudgett DeCaro, P. Nov. 1989, 558-569.
Recovery from OME-related phonologic delay following tube placement. Paden, E. P., Matthies, M. L., & Novak, M. A. Feb. 1989, 94-100.
Relationships among behavioral, environmental, and affective communication variables: A canonical analysis of the CPHI. Demorest, M. E., & Erdman, S. A. May 1989, 180-188.
Using a phonological framework to describe speech errors of orally trained, hearing-impaired school-agers. Abraham, S. Nov. 1989, 600-609.
Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

Hearing Aids and Other Prostheses

Multisensory speech perception by profoundly hearing-impaired children. Lynch, M. P., Eilers, R. E., Oller, D. K., & Cobo-Lewis, A. Feb. 1989, 57-67.

Speech spectrum considerations and speech intelligibility predictions in hearing aid evaluations. Pavlovic, C. V. Feb. 1989, 3-8.

Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

ASSESSMENT OF HEARING HANDICAP

Factor structure of the Communication Profile for the Hearing Impaired. Demorest, M. E., & Erdman, S. A. Nov. 1989, 541-549.

Relationships among behavioral, environmental, and affective communication variables: A canonical analysis of the CPHI. Demorest, M. E., & Erdman, S. A. May 1989, 180-188.

LANGUAGE

Communication mode use of two hearing-impaired adolescents in conversation. Gallagher, T. M., & Meador, H. E. Nov. 1989, 570-575.

MULTIPLY HANDICAPPED PERSONS

A classical conditioning procedure for the hearing assessment of multiply handicapped persons. Lancioni, G. E., Coninx, F., & Smeets, P. M. Feb. 1989, 88-93.

LANGUAGE

NATURE OF NORMAL LANGUAGE

Language Development

A comparison of the age-MLU relation in normal and specifically language-impaired preschool children. Klee, T., Schaffer, M., May, S., Membrino, I., & Mougey, K. May 1989, 226-233.

The concurrent validity of the Minnesota Child Development Inventory as a measure of young children's language development. Tomblin, J. B., Shonrock, C. M., & Hardy, J. C. Feb. 1989, 101-105.

Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.

Lexical learning and language abilities in preschoolers with perinatal brain damage. Keefe, K. A., Feldman, H. M., & Holland, A. L. Aug. 1989, 395-402.

Language Use in Adults

Effects of elicitation procedures on the narratives of normal and closed head-injured adults. Liles, B. Z., Coelho, C. A., Duffy, R. J., & Zalagens, M. R. Aug. 1989, 356-366.

The interplay of communication device output mode and interaction style between nonspeaking persons and their speaking partners. Higginbotham, D. J. Aug. 1989, 320-333.

LANGUAGE DISORDERS

Aphasia and Other Adult Language Disorders

The Communicative Effectiveness Index: Development and psychometric evaluation of a functional communication measure for adult aphasia. Lomas, J., Pickard, L., Bester, S., Elbard, H., Finlayson, A., & Zoghaib, C. Feb. 1989, 113-124.

Differentiating Alzheimer's patients from the normal elderly and stroke patients with aphasia. Bayles, K. A., Boone, D. R., Tomoeda, C. K., Slauson, T. J., & Kaszniak, A. W. Feb. 1989, 74-87.

Effects of elicitation procedures on the narratives of normal and closed head-injured adults. Liles, B. Z., Coelho, C. A., Duffy, R. J., & Zalagens, M. R. Aug. 1989, 356-366.

Functional communication in Alzheimer's disease. Fromm, D., & Holland, A. L. Nov. 1989, 535-540.

Home treatment for aphasic patients by trained nonprofessionals. Marshall, R. C., Wertz, R. T., Weiss, D. G., Aten, J. L., & Brookshire, R. H., Garcia-Bunuel, L., Holland, A. L., Kurtzke, J. F., LaPointe, L. L., Milianti, F. J., Brannegan, R., Greenbaum, H., Vogel, D., Carter, J., Barnes, N. S., & Goodman, R. Aug. 1989, 462-470.

Outcome of intensive language treatment in aphasia. Poeck, K., Huber, W., & Willmes, K. Aug. 1989, 471-479.

Predicting the Western Aphasia Battery Aphasia Quotient. Crary, M. A., & Rothi, L. J. G. May 1989, 163-166.

Training and generalization of agrammatic aphasic adults' *wh*-interrogative productions. Wambaugh, J. L., & Thompson, C. K. Nov. 1989, 509-525.

Using self-monitoring to reduce disfluencies in speakers with mild aphasia. Whitney, J. L., & Goldstein, H. Nov. 1989, 576-586.

Language Disorders in Children

Communication mode use of two hearing-impaired adolescents in conversation. Gallagher, T. M., & Meador, H. E. Nov 1989, 570–575.

Communicative profiles of preschool children with handicaps: Implications for early identification. Wetherby, A. M., Yonclas, D. G., & Bryan, A. A. May 1989, 148-158.

A comparison of the age-MLU relation in normal and specifically language-impaired preschool children. Klee, T., Schaffer, M., May, S., Membrino, I., & Mougey, K. May 1989, 226-233.

Facilitating word-finding skills of language-impaired children. McGregor, K. K., & Leonard, L. B. May 1989, 141-147.

Familial aggregation in specific language impairment. Tallal, P., Ross, R., & Curtiss, S. May 1989, 167-173.

Familial concentration of developmental language impairment. Tomblin, J. B. May 1989, 287-295.

Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

The Language Development Survey: A screening tool for delayed language in toddlers. Rescorla, L. Nov. 1989, 587-599.

Lexical learning and language abilities in preschoolers with perinatal brain damage. Keefe, K. A., Feldman, H. M., & Holland, A. L. Aug. 1989, 395-402.

Maternal question use predicts later language development in specific-language-disordered children. Yoder, P. J. Aug. 1989, 347-355.

Narrative analysis: Clinical applications of story generation and story retelling. Merritt, D. D., & Liles, B. Z. Aug. 1989, 438-447.

Speech and language in maltreated children: Response to McCauley and Swisher (1987). Sparks, S. N. Feb. 1989, 124-126.

Turn exchange characteristics of SLI children's simultaneous and nonsimultaneous speech. Craig, H. K., & Evans, J. L. Aug. 1989, 334-347.

Using a barrier game format to improve children's referential communication skills. Bunce, B. H. Feb. 1989, 33-43.

Using structured discourse as a language intervention technique with autistic children. Scherer, N. J., & Olswang, L. B. Aug. 1989, 383-394.

Learning Disabilities

Familial aggregation in specific language impairment. Tallal, P., Ross, R., & Curtiss, S. May 1989, 167-173.

A profile analysis approach to interpretation of the Carrow Auditory-Visual Abilities Test. Powell, T. W., & Peng, C. J. May 1989, 214-225.

Speech production deficits in developmental dyslexia. Catts, H. W. Aug. 1989, 422-428.

Using a barrier game format to improve children's referential communication skills. Bunce, B. H. Feb. 1989, 33-43.

Language Disorders in Mental Retardation

Communicative profiles of preschool children with handicaps: Implications for early identification. Wetherby, A. M., Yonclas, D. G., & Bryan, A. A. May 1989, 148-158.

Effects of imitation on language comprehension and transfer to production in children with mental retardation. Ezell, H. K., & Goldstein, H. Feb. 1989, 49-56.

An experimental analysis of milieu language intervention: Teaching the action-object form. Warren, S. F., & Bambara, L. M. Aug. 1989, 448-461.

Identifying stimuli in the natural environment that control verbal responses. Halle, J. W. Nov. 1989, 500-504.

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

Transparency and recall of symbols among intellectually handicapped adults. Mizuko, M., & Reichle, J. Nov. 1989, 627-633.

Youngsters with moderate or severe mental retardation and severe spoken language impairments I: Extant communicative patterns. Romski, M. A., Sevcik, R. A., Reumann, R., & Pate, J. L. Aug. 1989, 366-373.

Language Disorders in Personality and Psychiatric Disturbances

Communicative profiles of preschool children with handicaps: Implications for early identification. Wetherby, A. M., Yonclas, D. G., & Bryan, A. A. May 1989, 148-158.

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

Speech and language in maltreated children: Response to McCauley and Swisher (1987). Sparks, S. N. Feb. 1989, 124-126.

Using structured discourse as a language intervention technique with autistic children. Scherer, N. J., & Olswang, L. B. Aug. 1989, 383-394.

ASSESSMENT AND INTERVENTION

Screening

The concurrent validity of the Minnesota Child Development Inventory as a measure of young children's language development. Tomblin, J. B., Shonrock, C. M., & Hardy, J. C. Feb. 1989, 101-105.

The Language Development Survey: A screening tool for delayed language in toddlers. Rescorla, L. Nov. 1989, 587-599.

Assessment

The Communicative Effectiveness Index: Development and psychometric evaluation of a functional communication measure for adult aphasia. Lomas, J., Pickard, L., Bester, S., Elbard, H., Finlayson, A., & Zoghaib, C. Feb. 1989, 113-124.

Communicative profiles of preschool children with handicaps: Implications for early identification. Wetherby, A. M., Yonclas, D. G., & Bryan, A. A. May 1989, 148-158.

A comparison of the age-MLU relation in normal and specifically language-impaired preschool children. Klee, T., Schaffer, M., May, S., Membrino, I., & Mougey, K. May 1989, 226-233.

Effects of elicitation procedures on the narratives of normal and closed head-injured adults. Liles, B. Z., Coelho, C. A., Duffy, R. J., & Zalagens, M. R. Aug. 1989, 356-366.

Identifying stimuli in the natural environment that control verbal responses. Halle, J. W. Nov. 1989, 500-504.

Narrative analysis: Clinical applications of story generation and story retelling. Merritt, D. D., & Liles, B. Z. Aug. 1989, 438-447.

Predicting the Western Aphasia Battery Aphasia Quotient. Crary, M. A., & Rothi, L. J. G. May 1989, 163-166.

A profile analysis approach to interpretation of the Carrow Auditory-Visual Abilities Test. Powell, T. W., & Peng, C. J. May 1989, 214-225.

Turn exchange characteristics of SLI children's simultaneous and nonsimultaneous speech. Craig, H. K., & Evans, J. L. Aug. 1989, 334-347.

Using a barrier game format to improve children's referential communication skills. Bunce, B. H. Feb. 1989, 33-43.

Youngsters with moderate or severe mental retardation and severe spoken language impairments I: Extant communicative patterns. Romski, M. A., Sevcik, R. A., Reumann, R., & Pate, J. L. Aug. 1989, 366-373.

Intervention

Effects of imitation on language comprehension and transfer to production in children with mental retardation. Ezell, H. K., & Goldstein, H. Feb. 1989, 49-56.

An experimental analysis of milieu language intervention: Teaching the action-object form. Warren, S. F., & Bambara, L. M. Aug. 1989, 448-461.

Facilitating word-finding skills of language-impaired children. McGregor, K. K., & Leonard, L. B. May 1989, 141-147.

Home treatment for aphasic patients by trained nonprofessionals. Marshall, R. C., Wertz, R. T., Weiss, D. G., Aten, J. L., Brookshire, R. H., Garcia-Bunuel, L., Holland, A. L., Kurtzke, J. F., LaPointe, L. L., Milianti, F. J., Brannegan, R., Greenbaum, H., Vogel, D., Carter, J., Barnes, N. S., & Goodman, R. Aug. 1989, 462-470.

Modeling versus modeling plus evoked production training: A comparison of two language intervention methods. Ellis Weismer, S., & Murray-Branch, J. May 1989, 269-281.

Multisensory speech perception by profoundly hearing-impaired children. Lynch, M. P., Eilers, R. E., Oller, D. K., & Cobo-Lewis, A. Feb. 1989, 57-67.

Training and generalization of agrammatic aphasic adults' *wh*-interrogative productions. Wambaugh, J. L., & Thompson, C. K. Nov. 1989, 509-525.

Using a barrier game format to improve children's referential communication skills. Bunce, B. H. Feb. 1989, 33-43.

Using self-monitoring to reduce disfluencies in speakers with mild aphasia. Whitney, J. L., & Goldstein, H. Nov. 1989, 576-586.

Using structured discourse as a language intervention technique with autistic children. Scherer, N. J., & Olswang, L. B. Aug. 1989, 383-394.

Nonspeech Communication Systems

Communicative profiles of preschool children with handicaps: Implications for early identification. Wetherby, A. M., Yonclas, D. G., & Bryan, A. A. May 1989, 148-158.

Communicative performance of adolescents with severe speech impairment: Influence of context. Dalton, B. M., & Bedrosian, J. L. Aug. 1989, 403-421.

A comparison of symbol transparency in nonspeaking persons with intellectual disabilities. Mirenda, P., & Locke, P. A. May 1989, 131-140.

The interplay of communication device output mode and interaction style between nonspeaking persons and their speaking partners. Higginbotham, D. J. Aug. 1989, 320-333.

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

Transparency and recall of symbols among intellectually handicapped adults. Mizuko, M., & Reichle, J. Nov. 1989, 627-633.

Youngsters with moderate or severe mental retardation and severe spoken language impairments I: Extant communicative patterns. Romski, M. A., Sevcik, R. A., Reumann, R., & Pate, J. L. Aug. 1989, 366-373.

FAMILIAL/GENETIC

Familial aggregation in specific language impairment. Tallal, P., Ross, R., & Curtiss, S. May 1989, 167-173.

MOTHER-CHILD INTERACTION

Maternal question use predicts later language development in specific-language-disordered children. Yoder, P. J. Aug. 1989, 347-355.

SOCIAL INTERACTION

The interplay of communication device output mode and interaction style between nonspeaking persons and their speaking partners. Higginbotham, D. J. Aug. 1989, 320-333.

TACTILE SPEECH AIDS

Multisensory speech perception by profoundly hearing-impaired children. Lynch, M. P., Eilers, R. E., Oller, D. K., & Cobo-Lewis, A. Feb. 1989, 57-67.

TOTAL COMMUNICATION

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

SPEECH

NATURE OF NORMAL SPEECH

Development of Speech and Voice

Factors influencing fundamental frequency range estimates in children. Reich, A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.

Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.

Anatomy and Physiology of the Adult Speech System

Age and laryngeal airway resistance during vowel production. Melcon, M. C., Hoit, J. D., & Hixon, T. J. May 1989, 282-286.

Cephalometric and cineradiographic study of deviant resonance in hearing-impaired speakers. Subtelny, J., Li, W., Whitehead, R., & Subtelny, J. D. May 1989, 249-263.

Clinical modification of the tracheostoma breathing valve for voice restoration. Doyle, P. C., Grantmyre, A., & Myers, C. May 1989, 189-192.

Surface EMG and related measures in normal and vocally hyperfunctional speakers. Redenbaugh, M. A., & Reich, A. R. Feb. 1989, 68-73.

Perception of Speech

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

Multisensory speech perception by profoundly hearing-impaired children. Lynch, M. P., Eilers, R. E., Oller, D. K., & Cobo-Lewis, A. Feb. 1989, 57-67.

Perception of voiceless fricatives by children with a functional articulation disorder. Rvachew, S., & Jamieson, D. G. May 1989, 193-208.

SPEECH AND VOICE DISORDERS

Articulation and Resonance Disorders

Cephalometric and cineradiographic study of deviant resonance in hearing-impaired speakers. Subtelny, J., Li, W., Whitehead, R., & Subtelny, J. D. May 1989, 249-263.

Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.
Maximal opposition approach to phonological treatment. Gierut, J. A. Feb. 1989, 9-19.
Perception of voiceless fricatives by children with a functional articulation disorder. Rvachew, S., & Jamieson, D. G. May 1989, 193-208.
Phonologic abilities of a preschool child with Prader-Willi syndrome. Dyson, A. T., & Lombardino, L. J. Feb. 1989, 44-48.
Recovery from OME-related phonologic delay following tube placement. Paden, E. P., Matthies, M. L., & Novak, M. A. Feb. 1989, 94-100.
Tabletop versus microcomputer-assisted speech management: Stabilization phase. Shriberg, L. D., Kwiatkowski, J., & Snyder, T. May 1989, 233-248.
Toward phonetic intelligibility testing in dysarthria. Kent, R. D., Weismer, G., Kent, J. F., & Rosenbek, J. C. Nov. 1989, 482-499.
Using a phonological framework to describe speech errors of orally trained, hearing-impaired school-agers. Abraham, S. Nov. 1989, 600-609.

Physiologically Based Speech Disorders

The Communicative Effectiveness Index: Development and psychometric evaluation of a functional communication measure for adult aphasia. Lomas, J., Pickard, L., Bester, S., Elbard, H., Finlayson, A., & Zoghaib, C. Feb. 1989, 113-124.
Respiratory function in Parkinson's subjects exhibiting a perceptible speech deficit: A kinematic and spirometric analysis. Murdoch, B. E., Chenery, H. J., Bowler, S., & Ingram, J. C. L. Nov. 1989, 610-626.
Toward phonetic intelligibility testing in dysarthria. Kent, R. D., Weismer, G., Kent, J. F., & Rosenbek, J. C. Nov. 1989, 482-499.

Speech and Voice Disorders in Personality and Psychiatric Disturbances

A case of superior laryngeal nerve paresis and psychogenic dysphonia. Hartman, D. E., Daily, W. W., & Morin, K. N. Nov. 1989, 526-529.
Psycho-behavioral characteristics of children with vocal nodules: WPBIC ratings. Green, G. Aug. 1989, 306-312.
Speech and language in maltreated children: Response to McCauley and Swisher (1987). Sparks, S. N. Feb. 1989, 124-126.

Stuttering and Other Fluency Disturbances

Clinical studies in psychogenic stuttering of adult onset. Roth, C. R., Aronson, A. E., & Davis, L. J., Jr. Nov. 1989, 634-646.
Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.
Nonfluencies of preschool stutterers and conversational partners: Observing reciprocal relationships. Meyers, S. C. Feb. 1989, 106-112.
The relationship of stuttering severity and treatment length to temporal measures of stutterers' perceptually fluent speech. Healey, E. C., & Ramig, P. R. Aug. 1989, 313-319.

Voice and Other Laryngeal Disorders

A case of superior laryngeal nerve paresis and psychogenic dysphonia. Hartman, D. E., Daily, W. W., & Morin, K. N. Nov. 1989, 526-529.
Cephalometric and cineradiographic study of deviant resonance in hearing-impaired speakers. Subtelny, J., Li, W., Whitehead, R., & Subtelny, J. D. May 1989, 249-263.
Clinical modification of the tracheostoma breathing valve for voice restoration. Doyle, P. C., Grantmyre, A., & Myers, C. May 1989, 189-192.
Comparisons of perceptual and acoustic characteristics of tracheoesophageal and excellent esophageal speech. Sedory, S. E., Hamlet, S. L., & Connor, N. P. May 1989, 209-214.
Factors influencing fundamental frequency range estimates in children. Reich, A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.
Psycho-behavioral characteristics of children with vocal nodules: WPBIC ratings. Green, G. Aug. 1989, 306-312.
Surface EMG and related measures in normal and vocally hyperfunctional speakers. Redenbaugh, M. A., & Reich, A. R. Feb. 1989, 68-73.

ASSESSMENT AND INTERVENTION

Screening

Factors influencing fundamental frequency range estimates in children. Reich, A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.
Psycho-behavioral characteristics of children with vocal nodules: WPBIC ratings. Green, G. Aug. 1989, 306-312.

Assessment

A case of superior laryngeal nerve paresis and psychogenic dysphonia. Hartman, D. E., Daily, W. W., & Morin, K. N. Nov. 1989, 526-529.
Clinical modification of the tracheostoma breathing valve for voice restoration. Doyle, P. C., Grantmyre, A., & Myers, C. May 1989, 189-192.
The Communicative Effectiveness Index: Development and psychometric evaluation of a functional communication measure for adult aphasia. Lomas, J., Pickard, L., Bester, S., Elbard, H., Finlayson, A., & Zoghaib, C. Feb. 1989, 113-124.
Factors influencing fundamental frequency range estimates in children. Reich, A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.
Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.
Perception of voiceless fricatives by children with a functional articulation disorder. Rvachew, S., & Jamieson, D. G. May 1989, 193-208.
Psycho-behavioral characteristics of children with vocal nodules: WPBIC ratings. Green, G. Aug. 1989, 306-312.
Surface EMG and related measures in normal and vocally hyperfunctional speakers. Redenbaugh, M. A., & Reich, A. R. Feb. 1989, 68-73.
Tabletop versus microcomputer-assisted speech management: Stabilization phase. Shriberg, L. D., Kwiatkowski, J., & Snyder, T. May 1989, 233-248.
Toward phonetic intelligibility testing in dysarthria. Kent, R. D., Weismer, G., Kent, J. F., & Rosenbek, J. C. Nov. 1989, 482-499.
Using a phonological framework to describe speech errors of orally trained, hearing-impaired school-agers. Abraham, S. Nov. 1989, 600-609.

Acoustic Measures of Speech and Voice

Acoustic tracking of articulation errors: [r]. Huer, M. B. Nov. 1989, 530-534.
Factors influencing fundamental frequency range estimates in children. Reich, A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.
The relationship of stuttering severity and treatment length to temporal measures of stutterers' perceptually fluent speech. Healey, E. C., & Ramig, P. R. Aug. 1989, 313-319.
Surface EMG and related measures in normal and vocally hyperfunctional speakers. Redenbaugh, M. A., & Reich, A. R. Feb. 1989, 68-73.
Toward phonetic intelligibility testing in dysarthria. Kent, R. D., Weismer, G., Kent, J. F., & Rosenbek, J. C. Nov. 1989, 482-499.

Intervention

Acoustic tracking of articulation errors: [r]. Huer, M. B. Nov. 1989, 530-534.
A case of superior laryngeal nerve paresis and psychogenic dysphonia. Hartman, D. E., Daily, W. W., & Morin, K. N. Nov. 1989, 526-529.
Cephalometric and cineradiographic study of deviant resonance in hearing-impaired speakers. Subtelny, J., Li, W., Whitehead, R., & Subtelny, J. D. May 1989, 249-263.
Clinical modification of the tracheostoma breathing valve for voice restoration. Doyle, P. C., Grantmyre, A., & Myers, C. May 1989, 189-192.
Maximal opposition approach to phonological treatment. Gierut, J. A. Feb. 1989, 9-19.
Perception of voiceless fricatives by children with a functional articulation disorder. Rvachew, S., & Jamieson, D. G. May 1989, 193-208.
Phonologic abilities of a preschool child with Prader-Willi syndrome. Dyson, A. T., & Lombardino, L. J. Feb. 1989, 44-48.
Psycho-behavioral characteristics of children with vocal nodules: WPBIC ratings. Green, G. Aug. 1989, 306-312.

Instrumentation for Diagnosis, Treatment, and Research

Acoustic tracking of articulation errors: [r]. Huer, M. B. Nov. 1989, 530-534.
The Communicative Effectiveness Index: Development and psychometric evaluation of a functional communication measure for adult aphasia. Lomas, J., Pickard, L., Bester, S., Elbard, H., Finlayson, A., & Zoghaib, C. Feb. 1989, 113-124.
Factors influencing fundamental frequency range estimates in children. Reich,

A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.

Respiratory function in Parkinson's subjects exhibiting a perceptible speech deficit: A kinematic and spirometric analysis. Murdoch, B. E., Chenery, H. J., Bowler, S., & Ingram, J. C. L. Nov. 1989, 610-626.

Surface EMG and related measures in normal and vocally hyperfunctional speakers. Redenbaugh, M. A., & Reich, A. R. Feb. 1989, 68-73.

Nonspeech Communication Systems

A comparison of symbol transparency in nonspeaking persons with intellectual disabilities. Mirenda, P., & Locke, P. A. May 1989, 131-140.

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

Transparency and recall of symbols among intellectually handicapped adults. Mizuko, M., & Reichle, J. Nov. 1989, 627-633.

ALARYNGEAL SPEECH; TRACHEOESOPHAGEAL SPEECH; SURGICAL-PROSTHETIC VALVE RESTORATION

Clinical modification of the tracheostoma breathing valve for voice restoration. Doyle, P. C., Grantmyre, A., & Myers, C. May 1989, 189-192.

MICROCOMPUTERS

Tabletop versus microcomputer-assisted speech management: Stabilization phase. Shriberg, L. D., Kwiatkowski, J., & Snyder, T. May 1989, 233-248.

SPEECH PLANNING

Speech production deficits in developmental dyslexia. Catts, H. W. Aug. 1989, 422-428.

PROFESSIONAL AND GENERAL SCIENTIFIC ISSUES

PROFESSIONAL AFFAIRS

Research Issues and Methodology

The limits of science in communication disorders: A reply to Siegel. Panush, R. May 1989, 301-302.

Maternal question use predicts later language development in specific-language-disordered children. Yoder, P. J. Aug. 1989, 347-355.

On statements and overstatements: A response to Bench (1989). Ingham, R. J., & Siegel, G. M. May 1989, 298-299.

A profile analysis approach to interpretation of the Carrow Auditory-Visual Abilities Test. Powell, T. W., & Peng, C. J. May 1989, 214-225.

Science and theory in communication disorders: A response to Siegel and Ingham (1987). Bench, R. J. May 1989, 296-298.

Speech and language in maltreated children: Response to McCauley and Swisher (1987). Sparks, S. N. Feb. 1989, 124-126.

PROFESSIONAL TRAINING

Clinical Supervision and Interaction

One measure of supervisory effectiveness in speech-language pathology and audiology. Shapiro, D. A., & Anderson, J. L. Nov. 1989, 549-557.

Counseling

Nonfluencies of preschool stutterers and conversational partners: Observing reciprocal relationships. Meyers, S. C. Feb. 1989, 106-112.

SCIENCE

Critique of Siegel: The limits of "The limits of science in communication disorders." Prutting, C. A., Mentis, M., & Nelson, P. May 1989, 299-300.

TITLE INDEX

Acoustic tracking of articulation errors: [r]. Huer, M. B. Nov. 1989, 530-534.

Age and laryngeal airway resistance during vowel production. Melcon, M. C., Hoit, J. D., & Hixon, T. J. May 1989, 282-286.

A case of superior laryngeal nerve paresis and psychogenic dysphonia. Hartman, D. E., Daily, W. W., & Morin, K. N. Nov. 1989, 526-529.

Cephalometric and cineradiographic study of deviant resonance in hearing-impaired speakers. Subtelny, J., Li, W., Whitehead, R., & Subtelny, J. D. May 1989, 249-263.

A classical conditioning procedure for the hearing assessment of multiply handicapped persons. Lancioni, G. E., Coninx, F., & Smeets, P. M. Feb. 1989, 88-93.

Clinical modification of the tracheostoma breathing valve for voice restoration. Doyle, P. C., Grantmyre, A., & Myers, C. May 1989, 189-192.

Clinical studies in psychogenic stuttering of adult onset. Roth, C. R., Aronson, A. E., & Davis, L. J., Jr. Nov. 1989, 634-646.

Communication mode use of two hearing-impaired adolescents in conversation. Gallagher, T. M., & Meador, H. E. Nov. 1989, 570-575.

The Communicative Effectiveness Index: Development and psychometric evaluation of a functional communication measure for adult aphasia. Lomas, J., Pickard, L., Bester, S., Elbard, H., Finlayson, A., & Zoghaib, C. Feb. 1989, 113-124.

Communicative performance of adolescents with severe speech impairment: Influence of context. Dalton, B. M., & Bedrosian, J. L. Aug. 1989, 403-421.

Communicative profiles of preschool children with handicaps: Implications for early identification. Wetherby, A. M., Yonclas, D. G., & Bryan, A. A. May 1989, 148-158.

A comparison of the age-MLU relation in normal and specifically language-impaired preschool children. Klee, T., Schaffer, M., May, S., Membrino, I., & Mougey, K. May 1989, 226-233.

A comparison of audiometric test methods for 2-year-old children. Thompson, M., Thompson, G., & Vethivelu, S. May 1989, 174-179.

A comparison of symbol transparency in nonspeaking persons with intellectual disabilities. Mirenda, P., & Locke, P. A. May 1989, 131-140.

Comparisons of perceptual and acoustic characteristics of tracheoesophageal and excellent esophageal speech. Sedory, S. E., Hamlet, S. L., & Connor, N. P. May 1989, 209-214.

The concurrent validity of the Minnesota Child Development Inventory as a measure of young children's language development. Tomblin, J. B., Shonrock, C. M., & Hardy, J. C. Feb. 1989, 101-105.

Contralateral acoustic-reflex growth function in a patient with a cerebellar tumor: A case study. Harrison, T., Silman, S., & Silverman, C. A. Nov. 1989, 505-509.

Critique of Siegel: The limits of "The limits of science in communication disorders." Prutting, C. A., Mentis, M., & Nelson, P. May 1989, 299-300.

Differentiating Alzheimer's patients from the normal elderly and stroke patients with aphasia. Bayles, K. A., Boone, D. R., Tomoeda, C. K., Slauson, T. J., & Kaszniak, A. W. Feb. 1989, 74-87.

Effects of elicitation procedures on the narratives of normal and closed head-injured adults. Liles, B. Z., Coelho, C. A., Duffy, R. J., & Zalagens, M. R. Aug. 1989, 356-366.

Effects of imitation on language comprehension and transfer to production in children with mental retardation. Ezell, H. K., & Goldstein, H. Feb. 1989, 49-56.

An experimental analysis of milieu language intervention: Teaching the action-object form. Warren, S. F., & Bambara, L. M. Aug. 1989, 448-461.

External ear resonance characteristics in children. Bentler, R. A. May 1989, 264-268.

Facilitating word-finding skills of language-impaired children. McGregor, K. K., & Leonard, L. B. May 1989, 141-147.

Factor structure of the Communication Profile for the Hearing Impaired. Demorest, M. E., & Erdman, S. A. Nov. 1989, 541-549.

Factors influencing fundamental frequency range estimates in children. Reich, A. R., Mason, J. A., Frederickson, R. R., & Schlauch, R. S. Aug. 1989, 429-438.

Familial aggregation in specific language impairment. Tallal, P., Ross, R., & Curtiss, S. May 1989, 167-173.

Familial concentration of developmental language impairment. Tomblin, J. B. May 1989, 287-295.

Final consonant repetition: A linguistic perspective. Camarata, S. M. May 1989, 159-162.

Functional communication in Alzheimer's disease. Fromm, D., & Holland, A. L. Nov. 1989, 535-540.

Home treatment for aphasic patients by trained nonprofessionals. Marshall, R. C., Wertz, R. T., Weiss, D. G., Aten, J. L., Brookshire, R. H., Garcia-Bunuel, L., Holland, A. L., Kurtzke, J. F., LaPointe, L. L., Milianti, F. J., Brannegan, R., Greenbaum, H., Vogel, D., Carter, J., Barnes, N. S., & Goodman, R. Aug. 1989, 462-470.

Identifying stimuli in the natural environment that control verbal responses. Halle, J. W. Nov. 1989, 500-504.

The interplay of communication device output mode and interaction style between nonspeaking persons and their speaking partners. Higginbotham, D. J. Aug. 1989, 320-333.

Key word signing: Listeners' classification of signed and spoken narratives. Windsor, J., & Fristoe, M. Aug. 1989, 374-382.

The Language Development Survey: A screening tool for delayed language in toddlers. Rescorla, L. Nov. 1989, 587-599.

Lexical learning and language abilities in preschoolers with perinatal brain damage. Keefe, K. A., Feldman, H. M., & Holland, A. L. Aug. 1989, 395-402.

The limits of science in communication disorders: A reply to Siegel. Panush, R. May 1989, 301-302.

Maternal question use predicts later language development in specific-language-disordered children. Yoder, P. J. Aug. 1989, 347-355.

Maximal opposition approach to phonological treatment. Gierut, J. A. Feb. 1989, 9-19.

The meaning of communication to a group of deaf college students: A multidimensional perspective. Foster, S., Barefoot, S. M., & Mudgett DeCaro, P. Nov. 1989, 558-569.

Modeling versus modeling plus evoked production training: A comparison of two language intervention methods. Ellis Weismer, S., & Murray-Branch, J. May 1989, 269-281.

Multisensory speech perception by profoundly hearing-impaired children. Lynch, M. P., Eilers, R. E., Oller, D. K., & Cobo-Lewis, A. Feb. 1989, 57-67.

Narrative analysis: Clinical applications of story generation and story retelling. Merritt, D. D., & Liles, B. Z. Aug. 1989, 438-447.

Nonfluencies of preschool stutterers and conversational partners: Observing reciprocal relationships. Meyers, S. C. Feb. 1989, 106-112.

On statements and overstatements: A response to Bench (1989). Ingham, R. J., & Siegel, G. M. May 1989, 298-299.

One measure of supervisory effectiveness in speech-language pathology and audiology. Shapiro, D. A., & Anderson, J. L. Nov. 1989, 549-557.

Outcome of intensive language treatment in aphasia. Poeck, K., Huber, W., & Willmes, K. Aug. 1989, 471-479.

Perception of voiceless fricatives by children with a functional articulation disorder. Rvachew, S., & Jamieson, D. G. May 1989, 193-208.

Phonologic abilities of a preschool child with Prader-Willi syndrome. Dyson, A. T., & Lombardino, L. J. Feb. 1989, 44-48.

Predicting the Western Aphasia Battery Aphasia Quotient. Crary, M. A., & Rothi, L. J. G. May 1989, 163-166.

A profile analysis approach to interpretation of the Carrow Auditory-Visual Abilities Test. Powell, T. W., & Peng, C. J. May 1989, 214-225.

Psycho-behavioral characteristics of children with vocal nodules: WPBIC ratings. Green, G. Aug. 1989, 306-312.

Recovery from OME-related phonologic delay following tube placement. Paden, E. P., Matthies, M. L., & Novak, M. A. Feb. 1989, 94-100.

The relationship of stuttering severity and treatment length to temporal measures of stutterers' perceptually fluent speech. Healey, E. C., & Ramig, P. R. Aug. 1989, 313-319.

Relationships among behavioral, environmental, and affective communication variables: A canonical analysis of the CPHI. Demorest, M. E., & Erdman, S. A. May 1989, 180-188.

Respiratory function in Parkinson's subjects exhibiting a perceptible speech deficit: A kinematic and spirometric analysis. Murdoch, B. E., Chenery, H. J., Bowler, S., & Ingram, J. C. L. Nov. 1989, 610-626.

Science and theory in communication disorders: A response to Siegel and Ingham (1987). Bench, R. J. May 1989, 296-298.

Speech and language in maltreated children: Response to McCauley and Swisher (1987). Sparks, S. N. Feb. 1989, 124-126.

Speech production deficits in developmental dyslexia. Catts, H. W. Aug. 1989, 422-428.

Speech spectrum considerations and speech intelligibility predictions in hearing aid evaluations. Pavlovic, C. V. Feb. 1989, 3-8.

Surface EMG and related measures in normal and vocally hyperfunctional speakers. Redenbaugh, M. A., & Reich, A. R. Feb. 1989, 68-73.

Tabletop versus microcomputer-assisted speech management: Stabilization phase. Shriberg, L. D., Kwiatkowski, J., & Snyder, T. May 1989, 233-248.

Toward phonetic intelligibility testing in dysarthria. Kent, R. D., Weismer, G., Kent, J. F., & Rosenbek, J. C. Nov. 1989, 482-499.

Training and generalization of agrammatic aphasic adults' *wh*-interrogative productions. Wambaugh, J. L., & Thompson, C. K. Nov. 1989, 509-525.

Transparency and recall of symbols among intellectually handicapped adults. Mizuko, M., & Reichle, J. Nov. 1989, 627-633.

Turn exchange characteristics of SLI children's simultaneous and nonsimultaneous speech. Craig, H. K., & Evans, J. L. Aug. 1989, 334-347.

Using a barrier game format to improve children's referential communication skills. Bunce, B. H. Feb. 1989, 33-43.

Using a phonological framework to describe speech errors of orally trained, hearing-impaired school-agers. Abraham, S. Nov. 1989, 600-609.

Using self-monitoring to reduce disfluencies in speakers with mild aphasia. Whitney, J. L., & Goldstein, H. Nov. 1989, 576-586.

Using structured discourse as a language intervention technique with autistic children. Scherer, N. J., & Olswang, L. B. Aug. 1989, 383-394.

Word recognition functions for the CID W-22 test in multitalker noise for normally hearing and hearing-impaired subjects. Beattie, R. C. Feb. 1989, 20-32.

Youngsters with moderate or severe mental retardation and severe spoken language impairments I: Extant communicative patterns. Romski, M. A., Sevcik, R. A., Reumann, R., & Pate, J. L. Aug. 1989, 366-373.
